David,

Apologoes for not getting to you yesterday. My "to do" list was longer than I could accomplish before I left for DC - and then the airlines tortured me well into the night . . .

We are going to be late. Just how late will be known better after our meeting with the Water Board early this afternoon. I believe we are talking days not a week.

I will check in with you following that meeting with a firm schedule.

Steve

**Subject:** State AE Guidance

Good Morning Gentlemen, I wanted to check in on the planned release of State guidance on the aquifer exemption process. The target date was April 1<sup>st</sup>, and knowing the level of scrutiny we are getting on these issues, I wanted to see what your plan is for guidance release. Mike is on leave, so if you have communicated this via email to him, I would ask that you forward to me.

Thanks, David
